

Ascom i63 VoWiFi

Mobility with confidence

The stylish yet robust enterprise-grade handset for reliable mobile communication and coordination

- Reliable VoWiFi performance and seamless roaming
- Easy to use
- Smooth device management

True VoWiFi performance in three models

The new Ascom i63 combines the reliability, ease-of-management and performance of VoWiFi with enterprise-grade ruggedness, ergonomics and stylish design. Available in three models (Talker, Messenger, Protector), the Ascom i63 VoWiFi delivers exceptional network and roaming performance.

Bluetooth and locating

All models are Bluetooth enabled, allowing wireless headsets to be used for handsfree operation. The Protector model is compatible with IR and LF. Messenger and Protector models also support Bluetooth Low Energy location systems, WLAN access points, Cisco MSE and AiRISTA Flow RTLS location systems.

Built to work. And work. And work.

A 920mAh battery provides up to 100 hours of stand-by and ten hours of speech time. The sturdy body is dust and water resistant to IP44 standard, and can be safely cleaned with common disinfectants.

Easy to use. Easy to manage. Easy to secure.

Rugged durability, centralized management and OTA updates mean a low Total Cost of Ownership and easy administration. Various authentication and encryption methods provide robust enterprise-grade security.

Ascom i63 VoWiFi: Mobility with confidence

■Enterprise-grade VoWiFi performance and seamless roaming.

Supports four network systems, with auto and manual selection. Seamless roaming is optimized with 802.11r, 802.11k, and opportunistic key and pairwise master (PMKSA) caching.

■ **Easy to use.** Bluetooth-enabled headset allows handsfree operation. Large, easy-to-read screen and a light weight (only 135g / 4.8oz) help make the Ascom i63 comfortable to use for even the longest shifts.

■ **Smooth device management.** Enterprise-grade centralized management lets administrators configure all settings remotely. Validated interoperability with major PBX and Wi-Fi vendors.

■ **Protects users and colleagues.** The Ascom i63 Protector model features push-button, man-down and no-movement alarms. Multiple device location methods are available for both the Protector and Messenger models.

■ **Mobility with confidence.** The Ascom i63 makes it easy to optimize workflow productivity. Features such as outstanding voice quality, a multilingual user interface, messaging capabilities and extensive phone book options help keep users connected to colleagues, events and mission-critical information.

ASCOM i63 TECHNICAL SPECIFICATIONS
