

# Upgrade, protect and support your mobile devices in one easy plan

The latest technology. Generous replacement coverage. And 24/7 technical support. That's the Ascom Technology Non-Obsolescence Plan.

*The Ascom Technology Non-Obsolescence Plan (TOP) bundles everything you need to step up your mobile device capabilities all in one easy plan. Designed for organizations with more than 100 devices, this four year plan offers a phased 12-month replacement cycle to upgrade to Ascom's latest models. Plus, you get product protection with repair and replacement options and quality, expert technical support.*

## It's as easy as 1, 2, 3.

- Step 1.** Pick your device. Choose from the i63, d63, d83 handsets or Myco 4 smartphone.
- Step 2.** Send your old Ascom devices back to Ascom, and we'll exchange them for the latest model with battery. Additional batteries, and other accessories are sold separately.
- Step 3.** Enjoy all the benefits of our full Protection and Technical Support Plan throughout the life of your contract.

- **Covers defects and workmanship**
- **Provides handset and charger repair or replacement**
- **Provides handset software updates**
- **24x7 access to Customer Care**
- **Ascom technical training**
- **Protects against accidental damage**
- **Covers belt clips**
- **Covers liquid damage**

**Stay current. Stay covered. Stay confident—with Ascom TOP.**

- **Flexible and Smarter Budgeting**  
Shift from large upfront capital expenses to manageable annual payments. Fund your hardware through a service contract that spreads your investment evenly over four years—freeing up capital for other priorities.
- **Seamless Device Refresh in Year One**  
Instantly modernize your mobile fleet by replacing all outdated handsets within the first 12 months—minimizing disruption and maximizing productivity

#### About Ascom

Our vision is a world where the right information moves people forward. Our mission is to put the right information in the right hands at the right time so that people can make the best possible decisions.

We are a global provider of communication and collaboration solutions for the acute care, long-term care and enterprise sectors. Our solutions are based on intelligent integrations with software and hardware that are open source and compatible with third party solutions. Every single second, our systems generate large amounts of data, which we then turn into useful and actionable information. This helps us to bring data to life for people in the toughest operational environments, ensuring smooth, complete, and efficient workflows.

Ascom is headquartered in Baar (Switzerland), has operating businesses in 19 countries and employs around 1,400 people worldwide. Ascom registered shares (ASCN) are listed on the SIX Swiss Exchange in Zurich.
